REPORT OF THE FOREST FIRE WARDEN AND DISTRICT CHIEF

The 1969 fire season was a quiet one in this area. Frequent rains kept the danger to a minimum and there were few violations. Your Forest Fire Warden's job would be easier if everyone understood the State laws that govern the kindling of outdoor fires. A synopsis of these laws follow:

Fire Permit

A fire permit is needed for all outdoor fires in or near woodland anytime the ground is not covered with snow. This includes household waste burning, even if in an incinerator, grass burning, garden trash as well as brush burning. Such burning is restricted by regulation to be *prior to 9:00 a. m. and after 5:00 p. m.*

Exceptions

Commercial or industrial burning is allowed anytime under normal conditions with permission of the District Chief and a permit from the Fire Warden.

Camp or cooking fires are allowed on your own property with permission of the Fire Warden. On another's property with written permission of the landowner and permission of the Fire Warden. The Warden can forbid such fires if in a hazardous area. Permits for cooking fires in the White Mountain National Forest can be obtained from the Laconia Office or at the Ranger Stations. Permits are not required in public camp or picnic grounds where fireplaces have been built for this purpose.

Penalties

1. For kindling a fire without a permit. Maximum of $200.00 fine; or imprisonment for not more than 60 days.
2. For kindling a fire by any means wilfully or recklessly that shall endanger woodlands the maximum fine is $500.00 or one year's imprisonment.
3. For failure to totally extinguish a camp or cooking fire before leaving it the same penalties as in (1) above.
4. For dropping inflammable material in or near woodland maximum fine of $25.00.

Fire prevention is a personal matter and a good habit. Keep our town free from smokes in 1970.

Fires reported – District	70

Forest Fire Warden, Lawrence Bowne
District Chief, Gerald H. Hight

FIRE DEPARTMENT REPORT

Your Volunteer Fire Department answered six calls during the past year; one brush fire; one call to the Town Dump; one house fire; two chimney fires; and one out of town fire, (Webster). Several other calls were checked out but no equipment used.

Through the State Forestry Department we have been able to obtain a 3,000 gallon tank truck. This has to be built up to their specifications, a project our men are working on at this time. After this is done, the State will help us maintain it, it will be here for our use at any time, and it will be available to the State for forest fires if it is needed.

To report a fire – please use the fire phone number, 8-2200.

Lewis Bartlett, Fire Chief.

THE SALISBURY HISTORICAL SOCIETY

The restoration of the old meeting house is once again the main preoccupation of the Historical Society. This year, in time for the annual Christmas party, the interior of the hall nearly reached completion. All the redecoration of the walls and ceiling was completed, new carpeting was laid in the aisles and on the platforms, the benches were repainted.

It is with an enormous sense of satisfaction that the members viewed this task – well-done for it is to this end that the group has been working for all the years of its existence.

It is also with an enormous sense of gratitude that the Society has learned that a private donor will restore the steeple of the meeting house to its appearance prior to 1938.

In the years ahead the Society hopes to continue its record of quiet accomplishment and to expand its service to the community.

FRIENDS OF THE LIBRARY

The Friends of the library experienced a busy, yet rewarding year with money raising projects.

A beautiful quilt was made by the members and raffled off. The members also held numerous bread and baked bean bake sales. Old books were also sold at the bake sales making our Bread, Beans, and Book sales very successful. Our thanks to all of those who contributed to our book drive for this purpose.

During the summer, the members held a story hour for pre-schoolers every Saturday morning for six weeks from 10:00 A. M. to 11:00 A. M. The response was very favorable and it is hoped that we will be able to offer the Story Hour again this year with the very able efforts of our members.

Friends of the library volunteers help keep the library open on Friday nights and continue our monthly book-swap program with the elementary school.

We gathered many new 'Friends' to our membership during the year and are grateful for their fine work.

Our last meeting was held in December with an open house. Our monthly meetings have been cancelled until April when we will begin new projects for the purpose of helping to maintain the library.

SALISBURY FREE LIBRARY

This year we have purchased many new books, both for young readers and for adults. We have also received many gifts of books from Salisbury residents and others. Some of these have found their places in our collections, others have been used in the Friends of the Library Book Sale.

Thanks to the Radio Corporation of America, we have added to our long-playing record albums which are also available on loan.

We are grateful, too, to the Friends of the Library who continue to aid us financially and with volunteer hours of work.

The Library is open from 2 to 4 on Saturday afternoons and from 7 to 9 on Friday evenings.

We hope to see many more Salisbury residents – adults and children – use our Library in the near future.

(f) All spaces beneath mobile homes shall, upon the responsibility of the owners, be closed off with skirting or other appropriate means, such as lattice-work;

(g) No permit shall be issued for a mobile home park unless the Board of Selectmen shall find that the specific premises proposed for the park are well adapted to such use, that a mobile home park will be detrimental to the neighborhood, or to the community at large and that the applicant is a person entitled to public confidence.

2. Conditions of Permit. Any permit granted by the Board of Selectmen for the development of a mobile home park shall be upon the following conditions:

(a) The applicant shall undertake and agree to abide by all provisions of these By-Laws, and further to supply a copy of these By-Laws to any person in charge of a mobile home prior to permitting him to locate such a unit at a park existing pursuant to permit granted hereunder;

(b) Failure to comply diligently with any provision of these By-Laws, either by the proprietor of a park or by persons in charge of mobile homes located at any park shall constitute a ground for termination of the permit for the park;

(c) A true copy of any permit for development or operation of a mobile home park shall be kept prominently posted at the park at all times.

3. Procedure for Permits. The following procedure shall apply to all applications for permits for the use of premises for a mobile home park:

(3) Certificate of the Town Road Agent that the plans for access to

the public highway from the proposed park as well as for roadways within the park have been examined by him and that the said entrance and roadways, as proposed, will be safe and convenient and in accordance with good standards of design and layout;

(4) Certified check of the applicant for permit fee payable to the order of the Town of Salisbury in the amount of $25.00.

(c) Upon receipt of application for permit with all proper supporting documents, the Board of Selectmen shall review the same. In the event that it clearly appears that the application fails to comply with the standards of the By-Laws, it shall reject the same, setting forth its reasons in a written decision and shall return to the applicant the certified check deposited by him. In the event that it appears that the application may meet all requirements of the Ordinance, the Board of Selectmen shall hold a public hearing upon the matter at the Town Hall, at which all interested persons may be heard. Notice of the time, place and subject matter of such hearing shall be published in a newspaper having prominent circulation in the Town of Salisbury and shall be posted at three public places in the Town not later than ten days in advance of such hearing, costs of publication to be paid by the applicant;

(d) If, after public hearing, the Board of Selectmen finds that all requirements and standards imposed by the By-Laws are met by the proposed application, it shall grant its preliminary permit for the construction or development of the proposed park area, and the applicant may thereupon commence the improvement of the proposed area as a mobile home park in accordance with the application submitted. Any such preliminary permit shall be valid for one year from the date of the decision authorizing it. Upon the issuance of an approved preliminary permit, all right of the applicant to the $25.00 permit fee shall lapse. In the event that after hearing the Board of Selectmen shall find that the applicant is not entitled to a permit under these By-Laws, it shall record its decision, and the reasons therefore in writing, furnishing a copy to the applicant and returning to him with its decision the $25.00 permit fee deposited;

(e) Upon the completion of development of a proposed mobile home park and when the same is ready for occupancy, the holder of a preliminary permit shall notify the Board of Selectmen, which shall thereupon make such investigation of the completed project as it deems proper to ascertain that all requirements and standards of these By-Laws and all conditions of the preliminary permit have been met. Upon its finding that there is such compliance, the Board of Selectmen shall thereupon issue its definitive or final mobile home park permit embodying such permanent requirements and conditions as are hereinabove provided for. No mobile home units shall be occupied at any mobile home park until a final mobile home park permit has been issued for it;

(f) A final mobile home park permit shall be for a term of 10 years. It

shall be subject to renewal for additional five-year terms upon application duly filed, but only in the event that after such investigation as the Board of Selectmen may deem proper to make, it finds that the park continues in all standards and requirements for a definitive permit hereunder. A renewal permit fee of $10.00 shall be charged for each five-year renewal term;

(g) Any person operating a mobile home park at the time of adoption of these By-Laws shall be entitled as a matter of right to a special mobile home park permit upon the payment of an application fee of $25.00. Such permit shall be effective to authorize the continuing operation of the subject park in substantially the same manner as existed at the date of adoption of these By-Laws, subject only to any over-riding limitations of applicable State Law, with respect to which these By-Laws do not control. A special mobile home park permit shall not entitle the holder to enlarge or substantially alter his manner of operation of such prior existing mobile home park without duly filing for a preliminary and thereafter final or definitive mobile home park permit as provided herein;

(h) No mobile home park permit shall be transferable, and there shall be no refund if a permit is not used for its full term. Every person holding such a permit shall givenotice in writing to the Board of Selectmen at least fifteen (15) days before any transfer of an interest in, or control of, a mobile home park, other than a transfer in mortgage as security for a bona fide loan. If, upon such a transfer of any interest in or control of a mobile home park, the Board of Selectmen is satisfied that the transferee is a person entitled to public confidence, it may cause a new permit to be issued to said transferee for the unexpired term of the existing permit, upon payment of the sum of $10.00. The transferee, however, must conduct the mobile home park at the same location at which it was originally licensed. This provision is not to be interpreted to allow new mobile home parks or the extension of any existing ones.

(i) Any mobile home park permit may be revoked or suspended by the Board of Selectmen at any time, if, after a due investigation, notice and hearing, the Board finds that the holder thereof has violated any of the provisions of these By-Laws or that the mobile home park is being maintained in an unsanitary or unsafe manner or is a nuisance.
